HHS to collect data from the EMS system: Good time to examine accounting, cost, billing and collection systems

Healthcare Law Today

Attend COA's 2018 Annual Meeting to hear a comparative analysis of EHR systems – Hear What COA Members Have to Say

While recent legislation impacting the Emergency Medical Services (EMS)/ambulance industry drew attention inside the industry for its reduction in Health and Human Services' (HHS) spend on non-emergent dialysis transports and the five-year extension of the Medicare add-ons for the EMS industry, the legislation created a new forward-looking reporting obligation. California's regulators to investigate Aetna's medical coverage decisions

California Healthline

COA joins the CMA in expressing concern to regulators

Both of California's health insurance regulators said they will investigate how Aetna Inc. makes coverage decisions, as the lawsuit of a California man who is suing the nation's third-largest insurer for improper denial of care heads for opening arguments. [READ MORE](#)

Anthem makes changes to controversial ED program

Modern Healthcare

After facing pushback from healthcare providers and lawmakers, Anthem has tweaked its controversial emergency room program that doesn't pay for patient ER visits if conditions are later determined not to have been emergencies. Indianapolis-based Anthem said it has made several exceptions to the ER program so it will always pay for some types of ER visits. [READ MORE](#)

CMS MIPS reporting deadlines fast approaching — act by March 31, 2018

Quality Payment Program

The Quality Payment Program improves Medicare by helping you focus on care quality and the one thing that matters most — making patients healthier. The Medicare Access and CHIP Reauthorization Act of 2015 (MACRA) ended the Sustainable Growth Rate formula, which threatened clinicians participating in Medicare with potential payment cliffs for 13 years. If you participate in Medicare Part B, you are part of the dedicated team of clinicians who serve more than 55 million of the country's most vulnerable Americans and the Quality Payment Program will provide new tools and resources to help you give your patients the best possible care. California lawmaker introduces bill targeting hospitals' 'patient dumping' practices

The Sacramento Bee

Hospitals would be required to get written confirmation from homeless shelters before discharging patients to those facilities under a bill recently introduced in the California State Senate. The bill, carried by Sen. Ed Hernandez, D-Azusa, is designed to curb the practice known as hospital patient "dumping," or discharging poor people to the streets, shelters or other agencies incapable of caring for them.
